*First and second year engineering students should drop by the HUB in the JEC Ansell Lounge, or schedule an appointment with a HUB counselor for assistance with a variety of advising questions ranging from how to maximize AP credit in satisfying graduation degree requirements, which courses to take & when to remain in sync with your course curriculum, should you pursue a dual major, how to identify a minor that compliments your major and maximizes HASS course credits, when to participate in Study Abroad, help completing Registrar's forms, such as Change of Major, or Transfer of Credit Approval from another university.
